

Safety at Events and Public Areas

Safe Attendance... Following the Instructions

"Safety begins with following the organizers' instructions and being aware of risks"

Why Do We Care About Safety at Events?

Large numbers in one place

Protecting Visitors

Workers, and Organizers

Reducing Crowd Crush

and Injuries

Protecting Children

the Elderly, and People of
Determination

Facilitating Evacuation

in Emergencies

A Safe Experience

and Comfortable for
Everyone

Remember: Every visitor has a role in making the event safer

Key Risks at Events

They appear when instructions are ignored

Crowding and pushing

Losing children

Falling in corridors

Blocking emergency exits

Approaching equipment

Heat exposure

Not knowing exit locations

Wrong response to the alarm

Message: Knowing the risks in advance helps avoid them during the event

Before Attending the Event

Preparation reduces risks

**Learn the
entrances and
exits**

Arrive early

**Follow ticket
instructions**

**Appropriate
clothing**

Drink water

**A family
meeting point**

**Teach children
to ask for help**

Remember: Simple planning before the event makes the experience safer

Safety During Entry and Exit

The most crowded areas

**Follow the
designated
routes**

**Don't push or
cut in**

**The organizers'
instructions**

**Don't stand at
entrances**

**No items
obstructing
movement**

**Designated
exits**

Wait calmly

Message: Organized entry and exit reduces pushing and protects everyone

Handling Crowds

At entrances, stages, and when leaving

Stay calm

Don't push others

Move with the crowd

Stay away from pushing

Follow the organizers' instructions

Watch over children and the elderly

Safe alternative routes

Remember: Calmness during crowding helps prevent injuries and crushing

Protecting Children During Events

More prone to getting lost and injuries

**Supervise
them
continuously**

**Don't leave
them in crowds**

**A clear
meeting point**

**Teach them to
go to security**

**Keep a contact
number with
them**

**No running
through the
crowd**

**Keep them
away from
equipment**

Important Message: Direct supervision is the most important way to protect children at events

Safety in Seating and Viewing Areas

Organization to avoid injuries

Designated seating

No sitting in the corridors

Don't climb barriers

Don't stand on the chairs

Clear corridors

No crowding at the stage

Follow change instructions

Remember: Corridors and exits must remain clear throughout the event

Safety Around Equipment and Operating Areas

Electricity, stages, and lighting

Don't approach equipment

Don't touch the wiring

Don't enter closed areas

Don't tamper with barriers

Report exposed wiring

Keep children away

Stay on the audience routes

Message: Operating areas are not for visitors, and approaching them can cause danger

Safety at Outdoor Events

Affected by heat, wind, and rain

**Follow official
alerts**

**Drink water
regularly**

**Avoid
prolonged sun
exposure**

**An umbrella or
hat**

**Stay away from
structures
during winds**

**No electricity
in the rain**

**Leave calmly
when
instructed**

Remember: Changing weather conditions can turn an event into an unsafe environment

What to Do When Someone is Lost or Separated

Act calmly

Notify the organizers with a description

4

Go to the nearest security point

1

Don't spread unconfirmed information

5

Don't let children search

2

Stay in a visible place for assistance

6

Use the agreed meeting point

3

Message: Agreeing on a meeting point in advance makes it easier to act when separated

What to Do When You Hear the Alarm or in an Emergency

Immediate compliance with instructions

No running or pushing

5

No elevators during a fire alarm

6

Head to the assembly point

7

Don't return before it's allowed

8

Stay calm

1

Stop the activity

2

Listen to the organizers' instructions

3

Follow the exit routes

4

Important Message: An emergency requires following instructions, not acting randomly

First Aid and Health Emergencies

Fatigue, injuries, or emergencies

Notify the organizers or first aid

Don't move the injured person

Keep the crowd away

No first aid without training

State your location precisely

999 in serious cases

Follow the paramedics' instructions

Remember: Keeping crowds away from the injured helps first-aid teams provide help quickly

Do's and Don'ts at Events

Correct Practices and Others to Avoid

Don't ×

No pushing or running

1

Don't block corridors

2

Don't approach equipment

3

Don't climb barriers

4

No gathering to take photos

5

No unconfirmed information

6

Do ✓

Follow the organizers' instructions

1

Supervise children continuously

2

Stay on the movement routes

3

Stay calm in crowds

4

Report any hazard

5

Know the nearest exit

6

Interactive Scenarios

Practical Application of What You've Learned

Scenario 2 A child separated from their family

Correct Action: Notify security or the organizers immediately, and don't let them search alone

Scenario 1 Severe crowding at the event entrance

Correct Action: Stay calm, follow the organizers, use an alternative route

Scenario 4 An evacuation announcement has been made

Correct Action: Follow the exit routes calmly, don't run or push

Scenario 3 Exposed electrical wiring near the crowd

Correct Action: Stay away and notify the organizers immediately

Test Your Knowledge

Quick Questions to Assess Your Understanding

Q1: What do you do during severe crowding?

Answer: I stay calm, avoid pushing, and follow instructions

Q2: Is it allowed to stand in front of emergency exits?

Answer: No, exits must always be kept clear

Q3: What do you do in case of an electrical hazard at an event?

Answer: I stay away and notify the organizers immediately

Q4: Is it allowed to approach operating areas?

Answer: No, because they are designated for staff and may pose a hazard

Q5: What do you do when given evacuation instructions?

Answer: I follow the exit routes calmly and comply with directions

Thank You

Event safety is everyone's responsibility

Follow instructions • Supervise children • Avoid pushing • Don't block exits • 999
