

Safety in Shopping Malls

Safe Shopping... Responsible Behavior

"Safety in shopping malls is a shared responsibility between management and visitors"

Why Do We Care About Safety in Shopping Malls?

Receives large numbers of visitors daily

Protecting Visitors

and Workers

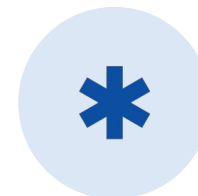

Reducing Falls

and Slipping

Managing Movement

During Crowding

Readiness

for Emergencies

Protecting Children

and the Most Vulnerable
Groups

Remember: The shopping mall is a crowded public environment, and attention is essential for everyone

Key Risks in Shopping Malls

Crowding, fast movement, and non-compliance with guidelines

**Slipping in
corridors**

**Pushing and
shoving**

Losing children

**Unsafe use of
stairs**

**Blocking
emergency exits**

**Fires in stores
and restaurants**

Parking incidents

**Devices used
without
instructions**

Message: Knowing the risks helps you avoid them and act correctly

Safety While Moving Inside the Mall

Corridors are for organized movement

Walk calmly,
don't run

Stay on the
pathways

Don't stop
suddenly

No carts in the
pathways

Watch out for
slippery floors

No phone while
walking

Report any
obstacle

Remember: Obstacle-free corridors enable faster evacuation in emergencies

Safety on Escalators

Require special attention

Hold the handrail

Be careful getting on and off

Don't sit or play

No carts on the escalator

Supervise children

Appropriate clothing and footwear

Use the elevator for carts

Message: The escalator is a means of movement, not a place to play or stop

Safety When Using Elevators

Organized use, especially during crowding

**Wait for people
to exit first**

**Don't push
others**

**Don't use it
during a fire
alarm**

**Don't tamper
with the
buttons**

**Don't prevent
the doors from
closing**

**Supervise
children**

**Use the
emergency
button if it
breaks down**

Remember: In a fire or alarm, use the emergency stairs, not the elevator

Protecting Children in Shopping Malls

Crowding increases the risk of getting lost

**Supervise
them
continuously**

**Don't leave
them alone**

**A clear
meeting point**

**Teach them to
ask for help**

**Keep a contact
number with
them**

**No running in
the corridors**

**Supervise
them on stairs
and elevators**

Message: Continuous supervision reduces the risks of getting lost and injuries

Safety in Restaurant and Café Areas

Hot liquids and wet floors

**Be careful with
hot drinks**

**Keep children
away from
service areas**

**Report spilled
liquids**

**Use tables
safely**

**No bags in the
pathways**

**Follow staff
instructions**

**Report any
smoke**

Remember: Attention in food areas reduces the risks of burns and slipping

Safety in Parking Areas

Vehicles and pedestrians moving together

**Pedestrian
walkways**

**Watch children
when getting
out**

**Don't leave
them in the
vehicle**

**Be careful
when crossing**

**No phone while
walking**

**Don't stand
behind moving
vehicles**

**Remember the
vehicle's
location**

Message: Mall safety begins in the parking area before entering the building

What to Do During Crowding

During sales seasons, events, and peak times

Stay calm

Don't push others

Follow security directions

Don't stand at entrances

Stay away from pushing

Watch over children and the elderly

Use alternative routes

Message: Calmness and order during crowding protect visitors from injuries

What to Do When the Alarm Sounds or in an Emergency

Act seriously and follow instructions

Follow emergency exit signs

5

Stay calm

1

Don't use the elevator during a fire

6

Stop shopping immediately

2

Head to the assembly point

7

Listen to security instructions

3

Leave non-essential items behind

4

Remember: Don't wait to see the danger before you act

Emergency Exits and Guidance Signs

Knowing them helps you act quickly

Note exit locations upon entry

Follow guidance signs

Don't block exits

Don't use them except in emergencies

Report a blocked exit

Don't return after evacuation

Message: Emergency exits are placed to protect lives and must remain clear and unobstructed

Do's and Don'ts in Shopping Malls

Correct Practices and Others to Avoid

Don't ✕

No running or pushing

1

No children without supervision

2

No elevator during a fire alarm

3

Don't block corridors

4

No gathering to take photos

5

Don't ignore instructions

6

Do ✓

Supervise children continuously

1

Walk calmly in the corridors

2

Use stairs and elevators safely

3

Follow security instructions

4

Report any hazard

5

Follow emergency exits

6

Interactive Scenarios

Practical Application of What You've Learned

Scenario 2 The alarm went off while you were there

Correct Action: Follow security instructions and signs to the nearest safe exit

Scenario 1 A wet floor in the corridors

Correct Action: Stay away and notify mall management or a staff member

Scenario 4 Severe crowding at a store entrance

Correct Action: Avoid pushing and follow security organization or an alternative route

Scenario 3 A child separated from their family

Correct Action: Notify security or customer service immediately

Test Your Knowledge
